

BOX & SCRAPER BLADES

STANDARD DUTY

BOX & SCRAPER BLADES

FEATURES

Faster and easier hook-ups with ASABE quick hitch compatibility

You never know what you might have to scrape. With these, it won't matter.

Whether it's landscape grading, construction cleanup or snow removal, it's not a problem with our box scrapers. Easily carve into sod and dirt with full-length, high-carbon, double-beveled, reversible cutting edges that move and cut in both forward and reverse. With reinforced steel A-frames and hardened scarifier teeth with replaceable tips, these box scrapers are durable and versatile enough to take on any job, any season.

INNOVATIVE DESIGN AND TECHNOLOGY

HIGH-CARBON CUTTING EDGES

are reversible and replaceable.

HIGH-STRENGTH MOLDBOARDS

for rugged conditions
